

JOSE CRUZ

creative

QUICK BIO

Hi, I'm Jose Cruz I was born and raised in Pasadena. I grew up with art being a huge part of my life since the early age of 5. On my free time away from work I love to tattoo, paint, create music, and collaborate with others. I also draw inspiration from graffiti, soccer, basketball and visiting galleries and art shows. As a huge sports fan and player I embrace the moment to help and take lead in the work force and help push myself and others to achieve new goals. I love the pressure and rush of entertainment, going up against other agencies for a key art campaign, it reminds me of in game situations and all I want to do is show what I can do best!
